

Laiba Munawar Lakhani

Software Developer

Profile

Innovative and detail-oriented Computer Science student with a passion for technology and a solid foundation in Software development, data analysis, and visual design. Adept at problem-solving and committed to continuous learning and professional growth. Eager to apply my skills and contribute to forward-thinking projects in a collaborative environment.

Experience

Software Development Intern at Pakistan Civil Aviation Authority

July 2024 — August 2024

Contributed to the design and coding of software projects, implementing new applications and innovative ideas, while supporting the team in streamlining development processes to improve overall efficiency.

Graphic Designer at Community Support Program - Bahria University

September 2023 — Present

I craft visually striking designs for a range of projects, including posters, banners, and promotional materials by a blend of passion and proficiency, bringing concepts to life in a way that catches the eye.

Web Development Intern at The Sparks Foundation

June 2023 — August 2023

Developed and maintained various web projects, focusing on enhancing design and functionality. Collaborated with a team to implement user-friendly interfaces and optimize website performance. Gained hands-on experience in web technologies such as HTML, CSS, and JavaScript.
